BIOGRAPHY SUMMARY

Since completing my PhD fieldwork in the Milne Bay Province, Papua New Guinea (PNG) in 1999 on resource management regimes, property and tenure rights, modes of production, trade linkages and livelihood strategies; I have been involved in numerous programs/projects.

I have provided technical assistance to the Asian Development Bank (ADB), the Australian Centre for International Agriculture Research (ACIAR), Bris Kanda Rural Enterprise Development Program (BRED), Conservation International (CI), Eco-Strategic Consulting, the European Union (EU), the European Commission (EC), the Food and Agriculture Organisation (FAO), the Forum Fisheries Agency (FFA), the Foundation of the Peoples of the South Pacific International (FSPI), the Marine Aquarium Council (MAC), PNG's National Fisheries Authority (NFA), New Zealand International Aid and Development Agency (NZ Aid), TRAFFIC-Oceania, the Secretariat of the Pacific Communities (SPC), the Secretariat of the Pacific Regional Environment Program (SPREP), the United Nations Development Program's (UNDP), the University of Papua New Guinea (UPNG), the Western Pacific Regional Fisheries Management Council (WPRFMC), and the World Wide Fund for Nature (WWF).

My fields of interest and expertise include project development, implementation, monitoring and evaluation; artisanal fisheries development and management, integrated coastal zone management, sustainable livelihoods; community engagement and development; resource status and socio-economic assessments (including impacts); and project evaluations for government, NGOs and regional agencies in the Western Pacific Region.

EDUCATION DETAILS

2008 – Present

Doctor of Philosophy Researcher

Department of Anthropology, Australian National University, Canberra, Australian Capital Territory, Australia.

Thesis Topic: Changing Lives and Livelihoods: The Political Ecology of Brooker Island, Milne Bay Province, Papua New Guinea.

1997 – 2005

Doctor of Philosophy Researcher

Department of Anthropology, University of Queensland, Brisbane, Queensland, Australia.

1995

Bachelor of Arts – Honours, 1st Class

University of Queensland, Brisbane, Queensland, Australia.

Thesis Topic: Iban Tradition and Change: Globalisation and Localisation in Sarawak, East Malaysia.

- The focus of my BA Honours research was the investigation of the impact of colonialism and capitalism, and counter identity construction amongst the Iban of Sarawak, East Malaysia and Brunei.

1994

Bachelor of Arts

University of Queensland, Brisbane, Queensland, Australia.

1982 - 1984

Technical and Further Education Trade Award

- Coach and Motor Body Building 1983-1984
Ithaca T.A.F.E., Brisbane, Queensland, Australia.
- Carpentry and Joinery 1982
Bundamba T.A.F.E., Ipswich, Queensland, Australia.

OTHER

- 2006 – Basic Security in the Field: Staff Safety, Health and Welfare; United Nations
- 2001 – PADI Advanced Open Water Diving Certificate, Dive Milne Bay
- 1993 – PADI Open Water Diving Certificate, Sabah Divers
- 1989 – Herbal Medicine Certificate, Northern Institute of Botanic Medicine, Mapleton, Queensland
- 1988 – Steering Ticket for Vessels up to 100 m in length, *MV Cape Don*
- 1988 – Mariner Elements of Shipboard Safety, South Brisbane College of T.A.F.E., Queensland

PROFESSIONAL MEMBERSHIP

- Ordinary Member Australian Anthropological Society
- Member International Association for the Study of Common Property

AREAS OF WORK EXPERIENCE

- Milne Bay, Madang, East and West Sepik, Manus, East and West New Britain, New Ireland, Bougainville, Morobe, Western and Central Provinces in Papua New Guinea
- Guadalcanal, Isabel, Central, Choisel and Western Provinces in the Solomon Islands
- Coral Coast and Lautoka area in Fiji
- Central Desert in Australia
- Sarawak and Sabah, East Malaysia
- Brunei

LANGUAGES AND DEGREE OF FLUENCY

- English (mother tongue)
- Melanesian Pigin (proficient)
- Misima - a Papuan New Guinean *tok ples* (proficient)

Committee Membership

- 2002 – 2003. Member of the National Management and Advisory Committee for the National Fisheries Authority, Port Moresby, National Capital District, Papua New Guinea.

Community Projects

- 2005 – 2006. Co-ordinator for the Construction of School Buildings for Sawasawaga Community and Establishment of a 10-hectare Locally Managed Marine Area, Sariba Island, Milne Bay Province, Papua New Guinea; funded by Seacology.
- 2000. Co-ordinator for the Rehabilitation of Brooker Island Water Supply, Brooker Island, Milne Bay Province, Papua New Guinea; funded by Boroko Rotary.

Marine Surveys

- 2006. Community Liaison Specialist and Survey Diver for the *MV Zhi Qiang* Grounding Reef Damage Assessment, Long/Kossman Reef, Milne Bay Province, Papua New Guinea
- 2005. Survey Co-ordinator for the Marovo Lagoon Beche-de-mer and Commercial Invertebrates Fishery Survey performed by the International Waters Program. April - Marovo Lagoon, Western Province, the Solomon Islands.
- 2004. Survey Co-ordinator for the Global Coral Reef Monitoring Network and the Marine Aquarium Trade Coral Reef Monitoring Protocol performed by the Marine Aquarium Council. April - Marau Sound, Guadalcanal, Solomon Islands.
- 2002. Guide/Pilot for the Milne Bay Exploratory Trip for the *MV World Discoverer*. March – aboard the tourist vessel *MV Melanesian Discoverer*.
- 2001. Project Leader and Cruise Supervisor for the Milne Bay Province Sedentary Resources Stock Assessment and Biogeographical Survey performed by the National Fisheries Authority, the Commonwealth Science and Industry Research Organisation and Conservation International. October-November – aboard the James Cook University's research vessel, *RV James Kirby*.
- 2000. Community Liaison Officer for the Milne Bay Marine Biodiversity Rapid Assessment Program performed by Conservation International. June – aboard the dive vessel, *MV Marlin 1*.

Marine Survey Training

- 2003. Coral Reef Fish Spawning Aggregation Training Workshop conducted by The Nature Conservancy, Apr 22-30, Kavieng, New Ireland Province, Papua New Guinea.

SUMMARY OF EMPLOYMENT AND LIFE HISTORY

March 2008 – Present

Doctor of Philosophy Researcher
Australian National University
Canberra, Australian Capital Territory, Australia

March 2008-Present

Marine Livelihoods Advisor

Project: Papua New Guinea SEASmart Program

Employer: National Fisheries Authority/EcoEZ, Port Moresby, Papua New Guinea

Duties: Identify new sites for the sustainable and equitable development of the aquarium fishery, carry out practical research into habitat restoration, and lead the development of mari-culture activities that involves women and youth.

January 2008- March 2008

Dugong Survey Co-ordinator (Consultancy)

Project: Dugong Assessment in Bougainville Province, Papua New Guinea

Employer: Conservation International, Atherton, Queensland, Australia

Duties: Conduct interview surveys on dugong distribution and use, co-ordinate regional radio awareness programs, ensure distribution of educational materials, and provide a report on results.

December 2007-January 2008

Fisheries Specialist (Consultancy)

Project: GLASSFish (Global Analysis of Small Scale Fish) Database Testing Project

Employer: WorldFish Centre, Penang, Malaysia

Duties: Provide and input data for a series of test fisheries that will allow for refinement of the GLASSFish database.

November 2007-December 2007

Project Evaluator (Consultancy)

Project: Interim Evaluation of the World Wide Fund for Nature's Community Development and Resource Conservation Program in the South Fly District, Western Province, Papua New Guinea

Employer: World Wide Fund for Nature, Port Moresby, Papua New Guinea

Duties: Identify and implement suitable evaluation tools to track project success; assess design and implementation, efficiency, accountability, organisational capacity, impacts to beneficiaries; and provide clear recommendations to assist the effective completion of the project.

September 2007-March 2008

Fisheries Credit Scheme Reviewer (Consultancy)

Project: Review of the Fisheries Credit Scheme to Date in Papua New Guinea

Employer: European Union's DevFish Program, Noumea, New Caledonia

Duties: Review the Fisheries Credit Scheme for the National Fisheries Authority and develop policies to guide this credit scheme for the National Development Bank.

September 2007-February 2008

Fisheries Ecologist (Consultancy)

Project: Investigation of the Legal and Illegal Trade and Ecological Sustainability of Saratoga (*Scleropages jardinii*) from the Trans-Fly Border Region, Western Province, Papua New Guinea.

Employer: World Wide Fund for Nature, Port Moresby, Papua New Guinea

Duties: Conduct surveys of saratoga harvest and trade and document the current situation, assess the impact of introduced fish species on the populations of saratoga and other endemic fish species, and liaise with TRAFFIC-Oceania on reviewing the legislative situation in West Papua (Indonesia) and Papua New Guinea.

September 2007-November 2007

Co-ordinator (Consultancy)

Project: Testing Socio-economic Protocols for SEM-Pasifika

Employer: National Oceanic and Atmospheric Administration, Agency, Silver Springs, USA

Duties: Facilitate the training for participants to improve site management of coastal and marine areas in the Pacific region through the use of socio-economic assessments, evaluation and monitoring.

September 2007-October 2007

Lecturer (Consultancy)

Project: Motupore Island Research Centre's Marine Biodiversity Unit Training Program

Employer: University of Papua New Guinea, Port Moresby, Papua New Guinea

Duties: Develop and deliver courses on 'Community Engagement for Resource Management Planning' and 'Holothrian Fisheries in Papua New Guinea'.

August 2007

Management and Leadership Trainer (Consultancy)

Project: Management and Leadership Capacity Building Program for the Baptist Union of Papua New Guinea

Employer: Education Milne Bay, Alotau, Milne Bay Province, Papua New Guinea

Duties: Facilitate a 'Train-the-Trainer' program that enhances management and leadership quality of Baptist

Union staff, and provide feedback and evaluation on training outcomes.

June 2007 – December 2007 **Community Liaison Advisor (Consultancy)**

Project: Development of the Kamiali Biological Stations

Employer: Bishop Museum, Hawaii, the United States of America

Duties: Liaise with the Kamiali community, government and other institutions over the development of the Kamiali Biological Stations.

May 2007 – September 2007 **Livelihoods Advisor (Consultancy)**

Project: Market Linkages and Business Development Study for the Huon District, Morobe Province, Papua New Guinea

Employer: Bris Kanda Rural Enterprise Development Program, Lae, Morobe Province, Papua New Guinea; and NZAID, Wellington, New Zealand.

Duties: Conduct an analysis of the key sub-sectors of agriculture, fisheries, forestry and eco-tourism and identify key gaps and constraints; produce market maps detailing the market chain for key commodities and sectors; and make recommendations.

April 2007 – September 2007 **Trade Reviewer (Consultancy)**

Project: Assessment of the Hawksbill Ornamental Turtle Shell Trade in Papua New Guinea

Employer: TRAFFIC-Oceania, Sydney, New South Wales, Australia

Duties: Investigate and analyse the hawksbill ornamental turtle shell trade including source areas and markets.

December 2006 – January 2007 **Community Liaison Specialist and Survey Diver (Consultancy)**

Project: Reef Damage Assessment of the *Zhi Qiang* Bulk Carrier Grounding at Long-Kossman Reef, Milne Bay Province, Papua New Guinea

Employer: Eco-strategic Consulting, Cairns, Queensland, Australia

Duties: Assess damage from the ship grounding on the surrounding marine ecosystem; liaise with communities over the impacts of the grounding and compensatory infrastructural developments.

November 2006 – December 2007 **Project Co-ordinator (Consultancy)**

Project: Regional Review on the Population Status, Fisheries and Trade of Commercially Important Sea Cucumbers in the Pacific

Employer: Food and Agriculture Organisation, Italy, Rome

Duties: Compile details on the beche-de-mer fishery including biology, ecology and population status, key taxonomic groups, species in trade, catches, management measures, and socio-economic importance to local fishing communities, current projects/developments on fisheries, biological studies, aquaculture ventures underway, and additional threats to sea cucumber populations.

November 2006 **Advisor (Consultancy)**

Project: Supply Chain Approach to the Management of the Papua New Guinea Sea Cucumber Fishery

Employer: National Marine Science Centre and the Australian Centre for International Agricultural Research, Sydney, New South Wales, Australia

Duties: Conduct a workshop with beche-de-mer exporters on the feasibility of implementing a supply chain approach to management.

September 2006 – October 2006 **Visiting Fellow**

Resource Management in Asia Pacific

Research School of Pacific and Asia Studies

Australian National University

Canberra, Australian Capital Territory, Australia

August 2006 – March 2007 **Socio-economist and Fisheries Specialist (Consultancy)**

Project: Socio-economic Study of the Beche-de-mer Fishery in Papua New Guinea

Employer: National Fisheries Authority, Port Moresby, National Capital District, Papua New Guinea

Duties: Literature review; interview exporters, fishers and other stakeholders (including non-citizens); make observations on fishers' attitudes to sea cucumber harvesting, conservation and management, and the economic role of sea cucumber harvesting and processing to rural communities; and review the current management provisions and make recommendations for its improvement.

July 2006 – June 2007 **Advisor (Consultancy)**

Project: Huon Coast Leatherback Turtle Conservation Project

Employer: Western Pacific Regional Fishery Management Council, Honolulu, Hawaii, USA

Duties: Development of general awareness materials, promotion of legal avenues, implement a beach profiling

survey; conduct socio-economic investigations in new participating villages, conduct a market survey, provide adaptive management recommendations, and liaise with Bris Kanda and other relevant organizations.

May 2006 – August 2006

Social Impact Specialist (Consultancy)

Project: Management of the Invasive Plant, *Mimosa pigra* in the Madang Province, Papua New Guinea.

Employer: IUCN's Pacific Invasives Initiative, University of Auckland, Auckland, New Zealand.

Duties: Assess how a successful project will improve livelihoods, assess costs and benefits of management options, identify resource ownership issues, identify implications for the project in terms of design, management and participation and measures to address these, identify any gender or age issues associated with the project and measures to address these, and identify any opposition to the project and how this will be managed.

February 2006 – May 2006

Project Evaluator (Consultancy)

Project: Coral Gardens Initiative: Poverty Alleviation through Capacity Building of Island Communities to Manage and Restore Coral Reef Fisheries Resources in Micronesia, Melanesia and the Caribbean.

Employer: European Commission and the Foundation of the People of the South Pacific International, Suva, Fiji

Duties: Conduct a participatory evaluation with FSPI Communities and Coasts program staff and Project Beneficiaries, and make recommendations for the improvement of continuing capacity building activities for poverty alleviation.

October 2005 – July 2006

Socio-economist (Consultancy)

Project: Social Science Baseline Study for Leatherback Turtle Nesting Beaches at Kamiali and Buang Buassi, Papua New Guinea

Employer: Western Pacific Regional Fishery Management Council, Honolulu, Hawaii, USA

Duties: Evaluate the conservation history and natural resource use in the region,; evaluate how conservation efforts relate to the international conservation arena, which recommend non-consumptive use of turtles; document the relevant kinship, socio-economic affiliations and other cultural factors between villages and amongst villagers; characterise the relationship between all relevant Non-government Organizations, Community-based Organizations, government agencies and other stakeholders; and generate recommendations.

August 2005 – May 2007

Program Manager

Project: Coastal Fisheries Management and Development Program

Employer: Asian Development Bank and the National Fisheries Authority, Port Moresby, National Capital District, Papua New Guinea

Duties: Co-ordinate market and landing surveys with the private sector and town authorities, coordinate socio-economic surveys for the specific Local Level Government areas, and conduct marine resource reviews.

February 2005 – May 2005

Community Engagement and Livelihoods Advisor (Consultancy)

Project: Solomon Islands International Waters Project, Honiara

Employer: Secretariat for the Pacific Regional Environment Program, Apia, Samoa

Duties: Conduct preparatory work for the finalisation of the socio-economic baseline and participatory consultation, review stakeholder analysis, co-ordinate a beche-de-mer fishery survey, data collection and analysis, and identify parameters for future monitoring in relation to the success of the Solomon Islands IWP.

September 2004 – January 2005

Livelihoods Advisor (Consultancy)

Project: Socio-Economic and Financial Viability Assessment of the Marine Trade in Corals in the Solomon Islands and Fiji

Employer: Foundation of the People of the South Pacific International, Suva, Fiji; and the Secretariat for the Pacific Regional Environment Program, Apia, Samoa

Duties: Evaluate the technical and economic viability of community-based culturing of corals in the Solomon Islands, document marketing chain, market interest, trends, criteria and willingness to pay for cultured corals, assess the socio-economic and ecological costs and benefits of replacing wild harvest with culturing corals, and advise on the technical, biological and environmental aspects of coral culture and harvest.

September 2004 – November 2004

Fisheries Specialist (Consultancy)

Project: Review of the Beche-de-mer Fishery and its Management in Papua New Guinea

Employer: National Fisheries Authority, Port Moresby, National Capital District, Papua New Guinea

Duties: Interview exporters, fishers and other stakeholders (including non-citizens) for their view of the current management arrangements, make observations on processing facilities and whether or not the fishers have acquired sufficient knowledge on processing, collate and analyse beche-de-mer export data, collated all beche-de-mer infringement cases, and make recommendations.

August 2004 – July 2006

Coastal Fisheries Advisor/Program Manager

Project: European Union Rural Coastal Fisheries Development Program: Resource Use Planning and Training –

Deep Water Snapper Project

Employer: Motupore Island Research Centre, University of Papua New Guinea, Port Moresby, National Capital District, Papua New Guinea

Duties: Engage communities and the private sector to develop resource management plans and monitor stock abundance, conduct socio-economic viability assessments of fisher groups, conduct an assessment of the deep-water snapper fishery and opportunities for development, and make recommendations for management.

June 2004 – July 2004

Project Evaluator (Consultancy)

Project: Sustainable Artisanal Beche-de-mer Fisheries through the Incorporation of Socio-economic Considerations in the Development of Community-based Fisheries Management Plans, Papua New Guinea

Employer: Australian Centre for International Agricultural Research, Sydney, New South Wales, Australia

Duties: Review actual and potential community, research capacity building, and scientific impacts drawing upon evidence of the uptake of project outputs by fishers, policy makers and other institutions; assess the scientific methodology and rigour of project implementation, provide advice and recommendations to the ACIAR on follow-up activities to ensure long-term benefits from the project (including spill-over to other countries and regions), and comment on opportunities to build on past research investments.

April 2004 - May 2004

Livelihoods Advisor (Consultancy)

Project: Pacific Sustainable Livelihoods Program

Employer: United Nations Development Program, Suva, Fiji

Duties: Conduct a market analysis of commercial artisanal fisheries in the Solomon Islands, train buyers and villagers on quality control, undertake a basic environmental marine resource scan to determine major issues facing marine harvesting and livelihoods creation, and provide capacity training, and provided advice and recommendations to the UNDP on improved livelihood options.

October 2003 – August 2004

Pacific Regional Community Development Officer

Project: Sustainable Management of the Aquarium Reef Trade Program

Employer: Foundation for the Peoples of the South Pacific International/Marine Aquarium Council, Suva, Fiji

Duties: Co-ordinate training of villagers best practices, conduct reef ecology and aquarium fish abundance surveys, conduct scoping studies on the aquarium trade, and engage communities and exporters for meeting the appropriate standards for MAC Certification.

October 1999 – October 2003

**Acting Chief Technical Advisor
Community Development Specialist
Social Feasibility Expert**

Project: Milne Bay Community-Based Coastal and Marine Conservation Program

Employer: United Nations Development Program/Conservation International, Alotau, Milne Bay Province, Papua New Guinea

Duties: Produce a Social Evaluation Study and a Stakeholder Participation Plan and provide input into a Sustainable Use Option Plan, develop and implement strategies for sustainable management of marine resources important for sustaining livelihoods, develop a sustainable land use and nutrition program, develop and implement community engagement, conduct marine biodiversity surveys and stock assessments, produce resource materials, and conduct socio-economic surveys.

November 1999

Anthropologist (Consultancy)

Project: Dalmuth Island Native Title Claim

Employer: Torres Strait Regional Authority, Thursday Island, Queensland, Australia

Duties: Register a claimant family residing in Papua New Guinea.

August 1998 – October 1999

PhD Fieldwork

Brooker Island, the Louisiade Archipelago, Milne Bay Province, Papua New Guinea

July 1998

Research Visitor

Department of Human Geography
Research School of Pacific and Asian Studies
Australian National University
Canberra, Australian Capital Territory, Australia

May 1998 - June 1998

Anthropologist (Consultancy)

Project: Sacred Site Surveys for the Issuance of Authority Certificates

Employer: Aboriginal Areas Protection Authority, Alice Springs, Northern Territory, Australia

Duties: Document tenure claims and sacred sites through the investigation of genealogical links and sacred

knowledge amongst the *Arrente*, *Atentye*, *Waramungu* and *Walpiri* peoples of the Eastern and Central Deserts, identify zones of cultural significance for protection from detrimental development activities.

- March 1998 – May 1998 **Tutor**
AY100 Introduction to Anthropology
Department of Anthropology and Archaeology
University of Queensland
Brisbane, Queensland, Australia
- January 1998 – March 1998 PhD Fieldwork
Brooker Island, the Louisiade Archipelago, Milne Bay Province,
Papua New Guinea
- July 1997 – December 1997 **National Visiting Scholar/Research Visitor**
Department of Human Geography
Research School of Pacific and Asian Studies
Australian National University
Canberra, Australian Capital Territory, Australia
- June 1997 **Anthropologist (Consultancy)**
Project: Sacred Site Surveys for the Issuance of Authority Certificates
Employer: Aboriginal Areas Protection Authority, Alice Springs, Northern Territory, Australia
Duties: Document tenure claims and sacred sites through the investigation of genealogical links and sacred knowledge amongst the *Arrente*, *Atentye*, *Waramungu* and *Walpiri* peoples of the Eastern and Central Deserts, identify zones of cultural significance for protection from detrimental development activities.
- March 1997 – December 2004 **Doctor of Philosophy Researcher**
University of Queensland
Brisbane, Queensland, Australia
- July 1996 **Field and Excavation Assistant (Consultancy)**
Project: Archaeological Excavation and Cave Art Survey of the Palmer River Area
Employer: Northern Territory University, Darwin, Northern Territory, Australia
Duties: Assist with archaeological excavation, conduct rock shelter survey and document rock art.
- November 1995 - January 1997 **Anthropologist**
Project: Sacred Site Surveys for the Issuance of Authority Certificates
Employer: Aboriginal Areas Protection Authority, Alice Springs, Northern Territory, Australia
Duties: Document tenure claims and sacred sites through the investigation of genealogical links and sacred knowledge amongst the *Arrente*, *Atentye*, *Waramungu* and *Walpiri* peoples of the Eastern and Central Deserts, identify zones of cultural significance for protection from detrimental development activities.
- November 1994 - January 1995 Honours Fieldwork in Sarawak, East Malaysia and Brunei
- January 1994 - October 1995 Undergraduate Study and Honours Research
University of Queensland
Brisbane, Queensland, Australia.
- November 1992 - October 1993 Travel through Europe and the Middle East.
- February 1992 - November 1992 Undergraduate Study
University of Queensland
Brisbane, Queensland, Australia.
- February 1991 - December 1991 Undergraduate Study
James Cook University
Townsville, Queensland, Australia.
- April 1990 - August 1990 Residing in New Zealand.
- November 1989 - April 1990 **Maintenance Carpenter/Aboriginal Apprentice Instructor**
Ipswich General Hospital, Ipswich, Queensland, Australia.

- February 1989 - October 1989 Travel through the Middle East and Africa.
- January 1988 - December 1988 **Merchant Seaman**
Navigational Aids, Department of Transport and Communication
Brisbane, Queensland, Australia.
- November 1985 - November 1987 **Tradesman Carriage Builder/Maintenance Carpenter**
Queensland Government Railways, Ipswich, Queensland, Australia.
- January 1982 - October 1985 **Apprentice Carriage Builder**
Queensland Government Railways, Ipswich, Queensland, Australia.
